AUTOMOTIVE FILM LIMITED WARRANTY

This limited warranty does not apply to normal wear or damage resulting from accident, misuse, abuse, neglect, improper care, improper installation, film installation that does not comply with state laws at the time of installation or any time in future or the law of the state where vehicle may be utilized. This warranty does not cover glass breakage. This warranty coverage applies to quality of film product and does not insure quality of installation performed by the dealer. **XSUN window films** expressly excludes/disclaims liability in any event for any loss or damages whether direct, special, punitive, consequential or incidental arising out of the use of, inability to use, or defect in product covered by this warranty. Except during the limited warranty period set forth above **XSUN window films** hereby excludes and disclaims any and all other express or implied warranties, including all warranties of MERCHANTABILITY and FITNESS for a particular purpose. **XSUN window films's** liability under this warranty is replacement of film limited to maximum of Dollars Two Hundred only. This warranty gives you specific legal rights, and you may have other rights which vary from jurisdiction to jurisdiction.

WINDOW FILM CARE

In order to keep your window film looking good and to maintain warranty coverage please follow these care instructions.

- Your new film will take two to three weeks to fully cure. After installation, a hazy or cloudy look may appear. This appearance is caused by moisture used during application. After the moisture dries out the haze will disappear and film will bond clearly to glass offering you many years of product performance.
- Allow film to cure for seven days before lowering the windows.
- To ensure long life and maximum serviceability do not wash the windows for 30 days.
- When cleaning use a soft cloth or clean synthetic sponge. Common cleaning solutions which do not contain abrasive material may be used. Do not use abrasive pads/cleansers or ammonia products.

Keep top portion with proof of purchase for registration of warranty. Mail in the bottom portion.

Note: Information must be complete for warranty validation.
